

THINK PROPERTY HAS BEEN HIDDEN

Neighbors Fail to Locate Valuables of Chris Paul, Who Died at Andalusia.

WORTH SEVERAL THOUSANDS

Had Lived Alone and Has No Known Heirs at Law—Public Administrator Is Act.

Chris Paul, who died at his home in Andalusia Saturday, was possessed of several thousands of dollars. It is known that he had \$2,000 or more on deposit in a Rock Island bank, while he also held a mortgage for about the same amount. Neighbors believe that he had money about his home, but so far they have been unable to find any cash or private papers or his keys. It is supposed that he kept his valuables secreted somewhere about the premises.

There are no heirs at law in this country, the only one with any family connection being a step-daughter, Mrs. Rosa Fret of Andalusia, daughter of the wife, who died three years ago. It is understood that there was a brother in Switzerland from whom Mr. Paul had had no word for 20 years or more.

It is not known whether a will was made. Robert W. Rauls of Moline, public administrator, stated today that he had taken steps to make an investigation of the case and if no will is found he is prepared to ask authority of the county court to settle the estate. It is possible that the property will be turned over to the state.

REPLEVIN SUITS ROBBED BY CHIEF

Head of Police Department Declares That Attorneys Cannot "Come That at Him."

REFUSES TO BE TOLD HIS DUTY

Sends Diamond to Iowa City Head of Police and Gives Lawyers the "Cold Shoulder."

"Replevin suits be damned," expostulated Chief of Police Phil Miller this morning, as he carefully wrapped a diamond in tissue paper, placed it in some cotton, and then in a box. He addressed a sticker to the chief of police at Iowa City, took the stone to the postoffice and had it insured, sending it via parcel post.

The diamond was the stone lost by Laura Smith, sold here by C. L. Johnson and J. H. Baker, who were arrested by the police. Their cases having been dismissed Saturday, attorneys for the pair demanded the stone from the chief, threatening a replevin suit to gain its possession for their clients. They said that it rightfully belonged to Baker and Anderson.

But Chief Miller had his own little idea about the matter and when the chief got one of these in his cranium, it's going to take some mighty powerful evidence to convince him that he is not traveling on the right trail.

Knows His Business.

"There's only a few attorneys here, about that can tell me anything when it comes to knowing what's my duty," said the chief after he had seen that the little box containing the stone was on the way to Iowa City. "They can come around here with their replevin suits if they want to, but just let me get a crack at them in some justice court, or any other court for that matter, and there won't be any more replevin suits filed against the chief of police as long as I am in command. I'll tell them something about their replevin suits."

That diamond was lost by this girl in a hotel. The men helped her hunt for it, found it and said no more about it. Then they ducked and came here. We got them. And then when the Iowa City people decline the expense of taking them back, they're not satisfied but still insist on the ring. Catch me giving it to them? It goes back to the girl. The diamond is worth about \$20.

DEEP MUD HALTS MOLINE TOURISTS

Mayor and Friends Journey to Rockford to See Ball Game But Only View Seas of Mud.

Hundreds of motorists going in both directions over the Rock River Valley route and Lincoln highway were detailed last night when cloudbursts occurred between Hillsdale and Erie and between Hillsdale and Rockford.

It is reported that a point near a railroad crossing just outside of Franklin Grove at 10 last night there were 18 cars mired in the mud above hills. All these cars were finally gotten out by dint of hard labor on the part of the drivers who divested themselves of shoes and socks and united in a common attack on the mud. One machine was pulled out at a time, nearly twenty men being required to move each car.

Among the machines that were mired there were two from Moline, one driven by Mayor M. R. Carlson and the other by Len Hapburn. With Mayor Carlson were Mrs. Carlson and Commissioner Abe Stouffer and Mrs. Stouffer. Mr. Hapburn's wife and daughter and two friends accompanied him.

Roads out of Rockford were dry and in good condition so the unexpected trouble with mud was an unpleasant surprise, especially as the Moline men had passed over the road in the morning and found it nearly perfect. When the cars were finally extricated every man in the party was plastered with mud from head to foot.

At Franklin Grove, Will Shallen of Shallen Brothers, Moline, was forced to postpone his trip to Chicago and had lodging in Franklin Grove for the night. A number of friends were with Mr. Shallen.

This was reported today by Captain Hansen of the Santa Ana, of the Bering sea ports. He also reported Katmai volcano still smoking.

RELEASE WITNESS IN MURDER CASE

Walter Jackson Who Saw Fall Which Resulted in John Moore's Death Is Liberated.

After languishing in the county jail since July 15 as a witness in the murder case of John Price, who is charged with having caused the death of John Moore, Walter Jackson was released from custody this morning on his own recognizance. He was represented by T. F. Sinner.

Jackson witnessed the trouble between Moore and Price. Moore is said to have established a hat from Price's head and the latter in turn shoved or struck Moore, who fell to the pavement and fractured his skull, death resulting later. On recommendation of the coroner's jury, Jackson was held under bonds as a witness. His attorney, Mr. Sinner, prepared to file habeas corpus papers to secure his release but the state's attorney's office was willing to confess the motion and the matter was dropped on agreement to release the witness on his own recognizance.

MEET THIS WEEK TO BOOST FUND

Residents of Hill Section Will Organize to Promote Park Purchasing Plan.

Residents of the Hill section will hold a meeting some time this week for the purpose of perfecting an organization with which to raise funds for the purchase of the Thirtieth avenue sanatorium site to be deeded to the city for a municipal park.

The exact date of the session has not been set but the time will be decided definitely tomorrow. The meeting will likely be held at the South Park chapel and at the session committees will be appointed and other necessary arrangements to promote the plan will be made.

Further pledges were made over Sunday and the fund now contains over \$400. Little work will be done further until after the meeting. At tonight's meeting of the city council the resolution providing for sale of the two sites now held by the city for sanatorium purposes, will be up for second reading and final passage. It provides that the city sell the property provided that it can secure a sum large enough to reimburse the sanatorium fund for sums taken from it, to pay the original cost and all subsequent expenditures. When up for consideration a week ago, it passed first reading unanimously.

SING AGAIN THE COLLEGE SONGS

Wisconsin and Michigan Alumni Have Outing at Tower and Former Win a Ball Game.

A reunion of Wisconsin and Michigan state university graduates was held Saturday afternoon and evening at the Watch Tower. There were 42 tri-city men present. Probably the biggest event on the program was the ball game. The game proved a great treat for those present and resulted in a victory for the Wisconsin grads by a score of 13 to 6. Batteries for the two teams were: Wisconsin—Jensen and Lee. Michigan—Yaggy and Gosline.

After the ball game the party went to Luchmann's garden where a chicken dinner was served, and the men sang again their old college songs. "The Yellow and Blue," "The Wisconsin Varsity," "Oo, Wisconsin" and "Michigan, My Michigan," were the favorites. Many pronounced the singing one of the most enjoyable features of the affair.

SEEKING REBATE OF OVER \$70 ON PAVING

Mrs. Mary Heelon, 2739 Seventh avenue, in a communication received by City Clerk M. T. Rudgren this morning, asks that the city rebate to her over \$70 which she claims was overcharged on her assessment on the Twenty-eighth street paving job. She claims that she was assessed 58 cents per foot more than she should have been. Her property has a frontage of 125 feet. The communication will be acted on at tonight's meeting of the council.

DANGERS REAL AND FANCIED.

The average woman will scream with terror at the sight of an innocent little mouse, and then complacently sit down and suffer in silence with diseases that are destroying her youth, her beauty, her very life. She will unconsciously resign herself to the woes and miseries of female troubles, which are to be dreaded a thousand times more than a tiny mouse. It is gratifying to know that un-fold numbers of women are being restored to perfect vigor and strength by Dr. Pierce's Favorite Prescription. It cures all uterine disorders. The exact name of the disease doesn't amount to a row of pins. It is in the womanly organs, "Favorite Prescription" will hunt it out and cure it. It can be a drain, a pain, an inflammation, an irregularity or a weakness, and this medicine will not directly upon it, and restore the organs to perfectly healthy action. It prepares the girl to become a woman, the wife to become a mother, the middle-aged to pass the "turn of life" in ease for women only, and is the prescription of Dr. Pierce, Buffalo, N. Y., the world-famed specialist in the treatment of disorders of women. Any reader of this paper may consult Dr. Pierce free by mail.

A DIFFERENT WOMAN.

Jacksonville, Ill.—"I have used Dr. Pierce's medicine which I took for female trouble. I used three bottles of 'Favorite Prescription.' When I got through taking it I was a different woman. I felt fine." Mrs. S. H. McCasland, 322 W. North St.

COLLEGE HEAD IS 25 YEARS WEDDED

Friends Surprise Dr. and Mrs. Gustav Andreen on Their Silver Anniversary.

In celebration of the 25th or silver anniversary of their marriage Dr. and Mrs. Gustav Andreen, Saturday evening entertained at a reception that was beautifully appointed and most enjoyable. Between the hours of 7 and 11 friends from the tri-cities and neighboring towns to the number of close to 300 were received at their hospitable home at 141 Thirtieth street. Dr. and Mrs. Andreen received alone in the front parlor, the bride of 25 years ago wearing a simple gown of white voile embroidered in silver, with pearl and lace trimmings.

The house was simply but very tastefully decorated with flowers of the season. In the parlors large bouquets held beautiful bouquets of golden glow. In the living room pink and white asters were used and in the dining room where a two course collation was served, the table was covered with a dainty lace cloth on which were laid fern fronds, with a centerpiece in formal arrangement of pink and white asters, with ferns and lilies in the same colors on the buffet, serving table, etc. On the spacious porches where trappas was served, immense bouquets of gladioli in red were used as a decorative feature. Japanese lanterns adorned the lawn, hung in festoons among the trees.

An informal short program was opened with the reading of the scriptures and the offering of prayer by Rev. N. J. Forsberg. Short, happy congratulatory talks were given by Dr. C. E. Lindberg, Dr. Niewald, president of North Park college, Chicago, Dr. E. F. Bartholomew and E. W. Olson, to which Dr. Andreen responded.

Dr. and Mrs. Andreen received many handsome gifts in silver, including a chest of flat silver from Dr. Andreen's coworkers at Augustana college and Augustana Book Concern.

Dr. Andreen and Miss Mary Strand were married in Kansas 25 years ago and have made this city their home for many years. They are the parents of five children, Paul, now at Worcester, Mass., Marion of Chicago, Esther, Gustav and Neil at home, all of whom with the exception of Paul, being present to participate in the celebration of the wedding anniversary of their parents.

MEIER IS WINNER AT CARD WRITING

Not Only Takes Prize at Sign Work But Also Proves to Be Real Elsie Marvel.

For the third consecutive time, Carl Meier, Davenport, won two first prizes for card writing at the annual meeting of the International Association of Display Men in session last week at the Waldorf Astoria hotel, New York City. He also captured second honors. Mr. Meier and L. B. Slayter, Davenport and Paul Hinz, of this city, represented the Tri-City Display Men's association at the big gathering.

The delegates went on a special train from Chicago, spending one day in Washington, where the public buildings were inspected and from there went to Philadelphia and to Atlantic City, at the latter resort, calling on Joe Tuckles, who formerly resided in this city and who is now engaged in the restaurant business. The sessions opened last Monday,

continuing through Thursday. One of the features was a luncheon given to about one hundred delegates on Wednesday noon by W. F. Albert, display manager for B. H. Macy & Co. That evening the annual banquet of the association was held. One of the entertainment stunts was a real boxing match between Carl Meier, Davenport and Harry Holle, Birmingham, Ala. Although the former weighs but 140 and his opponent 190, he had no difficulty in putting his man out in the third round.

The business session was held Thursday at which time Chicago was selected as the next meeting place. The Canadian association was admitted to membership at the gathering. A special trade paper was issued every day during the convention, covering the gathering in detail.

GINNANE IS FIRST TO TAKE VACATION

Officer Charles Ginnane is the first of the patrolmen of the local police department to leave on vacation for a long time. He departed this morning for Chicago where he will spend several days, later going to Sheboygan, Wis. He will be absent ten days. During the past several years each time Officer Ginnane left on his vacation there were certain rumors about the police station, but each time he returned unaccompanied. He asserted last night that this year's rumors were unfounded as in other seasons.

POISONED HIMSELF AT 40!

Death by slow poison is killing many a man, young in years, who has made the fatal mistake of failing to understand the warnings of kidney trouble. When your kidneys begin to lag in throwing off natural poisons that accumulate in your body, the first warnings come in little twinges, or stiffness across your back and hips. Urination may be too frequent; you may feel "tired" in the morning when you should feel your best.

The best known remedy for these troubles is GOLD MEDAL Haarlem Oil Capsules. This remedy has stood the test for more than 200 years since it was first produced in the ancient laboratories in Haarlem, Holland. It acts directly on the kidneys and bladder and gives relief at once, or your money will be refunded. GOLD MEDAL Haarlem Oil Capsules are imported direct from Holland, and can be had at any drug store. Prices 25c, 50c and \$1.00. Accept no substitute. (Adv.)
